There has been a paradigm shift in the teaching-learning process. Traditional classrooms have given way to online classes.

Inclusion, personalization and intelligence are the cornerstones of online education. Hence, New Horizon Pre-University College, Kasturinagar has driven this change by integrating technology through a wide range of collaborative online tools.

This has resulted in higher student engagement and increased motivation towards learning among students.

SALIENT FEATURES

Trackable Learning: Digital tools have enabled teachers to track students' performance and progress. These tools provide individual progress reports enabling personalized sessions for all the students.

Increased Engagement: Interactive multimedia, simulation, games, polls & quizzes have improved students' engagement in the learning process. These classes are easily accessible on any device giving control to the students over their learning.

Inclusive learning: Visual aids, videos, animations and graphics kindle the curiosity of all the learners. Shy learners may additionally use the chat box to exhibit their learning.

Teamwork, Critical Thinking and Creative Thinking: Breakout room activities promote creative and critical thinking amongst the students. Sharing of knowledge helps in collaboration and team effort.

Online PTM: Parents teachers meeting has taken a leap and embraced the virtual progress during pandemic. PTM is a great way for parents and teachers to bond and co-operate with the sole intention of bettering the students.

UDAAN- an initiative by New Horizon to nurture and support the aspiring entrepreneurs.

When I came to New Horizon, the vibes of this college made me realize that I have entered a warm, diverse and a lively community, that will help me harness the power of knowledge. I was able to share a great bond with my teachers, who have not only imparted their knowledge but also provided me with opportunities to take part in various events and competitions. There was no absence of 'masti' thanks to my friends. So it was not just academics, but overall growth. This was my journey at New Horizon in a nutshell and I'm sure that everyone here has some amazing stories to tell, so Be Yourself and Live It Up!!

I'm glad to say that NHPUC ensures an overall growth of their students. They ensure not just academics but overall personality development also which is a trait that not many insist. I have been extremely pleased with the teachers, curriculum and the holistic development that the college emphasizes. Teaching is extremely professional that cater to individual needs. They provide us sufficient competitive exposure as well as efficient academic guidance. The college has excellent infrastructure and the clubs are created with a lot of thought. From helping us focus on our academics to encouraging us to take part in sports and cultural, New Horizon always managed to strike the right balance to ensure that we excel in everything we do. There are multiple events which are conducted at frequent intervals to improve our skills to a greater level providing a platform to showcase the students' talent and enhance their confidence level. Overall the college provides necessary training to students which helps in their future endeavours.

New Horizon PU college is one of the best known and reputed PU colleges in Bengaluru. The college is affiliated to Karnataka PU board and provides quality education to those who knock at its doors. Be it the ever-approachable faculty members, state-of-the-art labs or the conducive environment for learning, academics never takes a backseat at NHPUC. All the classrooms are digitally equipped to cater to the changing times. The college also has several forums and clubs to stimulate the hidden talents of students. Moreover, there's a canteen facility for those who'd like to avail. All in all, NHPUC is an amazing place to be at and I am proud to be a Horizonite.

II PUC CEBA

New Horizon PU College is nothing short of its name. It strives to achieve new horizons every day and we students could not be more proud to be a part of it. NHPUC works like a well oiled machine and without one the others would not be able to reach for the stars. I immensely enjoyed my experience here. From being serious in academics to having fun at cultural events. Even if covid put a damper on our time here, the teachers made sure we got as much of the college experience as we could. I am sure I can speak for my friends too when I say that we won't be forgetting the teachers or the classroom for a long time and will look back on it and feel nothing short of pride, joy and gratitude.
